AFFORDABLE

No financing necessary with Purpl PRO. Our mission is to help the cannabis industry evolve, become more transparent and improve quality. So we have focused on keeping our prices low and accessible throughout the value chain, from the farm to the dispensary, and ultimately to the consumer.

SIMPLE

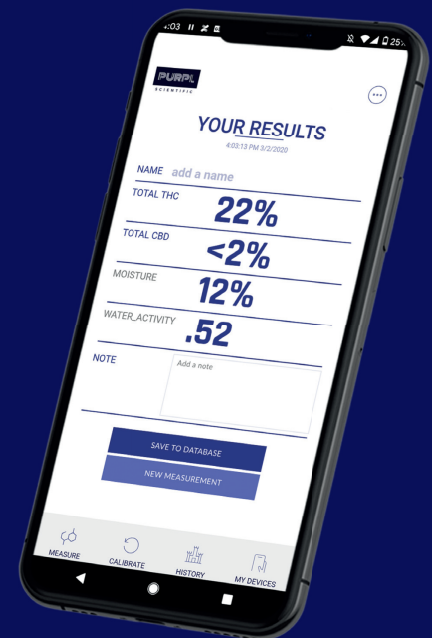

With your smartphone, you get an immediate analysis of the potency of your sample. Purpl PRO provides a complete picture of THC, CBD, moisture and more. And we make it really simple to get the precise information that is most important to you. Simply click for a summary or to drill down for specifics.

ACCURATE

Test as many samples as you want and get immediate potency results. Potency (THC, CBD, moisture and more) is one of the most critical measurements throughout the value chain, from the farm to the dispensary. Purpl PRO will help improve quality and integrity by providing on-the-spot testing with lab-level accuracy.
